

CCNA Certification

CCNA - "One of the most sought-after certification today"

The CCNA Certification

Cisco Certified Network Associate (CCNA) is the first step in the Cisco Career Certification tracks, for individuals who are interested in building a future in networking domain on Cisco products. It indicates a foundation in and apprentice knowledge of networking. CCNA certified professionals can install, configure, and operate LAN, WAN, and dial access services for small networks (100 nodes or fewer), including but not limited to use of these protocols: IP, IGRP, Serial, Frame Relay, IP RIP, VLANs, RIP, Ethernet, and Access Lists.

How can you prepare effectively?

Through Simulator - A scientific method to prepare

You have identified your goal and are ready to prepare yourself for these highly recognized certification exams. You want to score high, the course is large and the time is less. The question is:

- * How to prepare fast and accurate?
- * How to focus on important topics first, master them fast and retain what you've learnt?

The "Solution" is in the approach of your study. Whizlabs has designed and developed Exam Simulators, which make use of the scientific approach of study.

"Whizlabs Exam Simulators", the most advanced test engine not only give you un-matched and proven quality content but also help you prepare and retain whatever you have learnt all the way to your exam. Here explained, step by step, is how it works for you!!

Step 1 Diagnostic Exam - Assess yourself

This exam with its specially designed set of questions will help you identify your strengths and weaknesses that need to be worked upon.

Step 2 Practice Exams - Practice your skills

The set of Practice Exams available here, will help you practice more on the actual Certification exam pattern.

Step 3 Customized Exams - Focused practice

You can practice again with the customized exams, but with an option to choose yourself, the number of questions, topic, and difficulty level of the questions and that too in the areas you find yourself weak. This will help you mould your preparation in the way you want.

Step 4 Quick Revision Notes - Instant revisions

Here is a handy list of small pointers straight from heart of the exam course, which will help you revise the entire course instantly. Whizlabs simulator includes these notes as 'part' of its features.

Step 5 Quiz - Squeeze that extra second

Make your study complete by mastering how to manage your time while answering questions under strict time constraints. The feature of Quiz in Whizlabs Simulator has been designed just for this. In this feature, you'll have option to choose the number of questions from various exam objectives and the time for which the question will be displayed. Study could never be so interesting without this feature!!

Step 7 Final Exam - Grand finale

Last comes the final exam, which if taken a day or few days before your actual exam adds to your confidence.

Whizlabs Authors – “Content Credibility”

Seema Kannan has contributed for Whizlabs CCNA related content. She is a certified professional having over 9 years of experience in the IT industry. She is currently running her independent IT Consultancy Company in India. She is certified in Novell and Cisco certifications and has been contributing in different areas of implementation, maintenance and training on networks of Microsoft, Novell and Cisco. She has gained a vast experience in the domains of corporate training, network administration and content authoring and development.

In its first 3 years only, Whizlabs has helped over 280,000 software professionals to earn their dream certifications. This would not have been possible without constant improvement in the quality of our products and its content to the level of customer satisfaction. Whizlabs has a highly respected, exceptionally outstanding, brilliant and certified pool of authors, who have contributed Experience while authoring our remarkably high quality content for our products.

Customers’ Say

“I am impressed with the quality of content, especially the explanations. The questions were similar to the actual exam but tougher. Great job!” - Thomas

“I Rate You Top 1 %” - Suhas Malik, Training Manager - IT Certifications (MCSE, CCNA, OCP, Java)

“Thanks Whizlabs for your simulations. It made me secure my job in the last layoff round at my organization. I owe my success to you.” – Chris
